

## LEIN – Probation Information Entry December 1, 2006

This report is being submitted pursuant to Public Act 345 of 2006. The act requires the department to enter all probation information into the Law Enforcement Information Network (LEIN) and to determine if amendments to the code of criminal procedure are needed.

Public Act 345 of 2006, Article 17, Section 306 (1) states, that, “The department of state police, working with the criminal justice information systems policy council, shall implement procedures by which all probation information is placed on the LEIN system.”

There are two levels of probation in the state of Michigan court system, district court probation and circuit court probation.

Currently, all circuit court probation departments are staffed and operated by the Michigan Department of Corrections. All circuit court probation information is reported to the LEIN system via the Department of Corrections.

Most district courts in Michigan are in compliance with the legislative mandate. The Michigan Criminal Justice Information Systems (CJIS) Policy Council, Michigan District Court Judges Association and the Michigan Association of District Court Probation Officers are working together to assist some of the district courts with the implementation of the LEIN procedure for entering probation information.

Public Act 345 of 2006, Article 17, Section 306 (2) states, that, “If the department determines that amendments to the code of criminal procedure, 1927 PA 175, MCL 760.1 to 777.69, are required to include all probation information on the LEIN system, the department shall deliver to the members of the senate and house appropriations subcommittees on state police and military affairs amendments to the code of criminal procedure, 1927 PA 175 MCL 760.1 to 777.69 that, in the department’s view, are necessary to accomplish this goal.”

The department does not foresee any required changes to 1927 PA 175 MCL 760.1 to 777.69.
